

## Suppression of Newspapers

The Military Service Bill as introduced did not contain any provision for suppression of newspapers or the right of free speech. After the Bill had been read a second time and while it was in committee of the whole clauses were added by the Minister of Justice which constituted any word or act that might "embarrass the Government" an offence subject to fine and imprisonment in the case of a person and to summary suppression in the case of a newspaper. As a result of emphatic protests by Hon. Frank Oliver and Hon. Geo. P. Graham, the clauses proposed by the Minister of Justice were withdrawn and the following substituted; as a part of section 16

(3) Any person who by means of any written or printed communication, publication or article or by any oral communication or by any public speech or utterance, (a) advises or urges that men described in section three shall contravene this Act or regulations, or (b) willfully resists or impedes, or attempts to resist or impede, or persuades or induces or attempts to persuade or induce any person or class of persons to resist or impede the operation or enforcement of this Act, or (c) for the purpose of resisting or impeding the enforcement or operation of this Act, persuades or induces or attempts to persuade or induce any person or class of persons to refrain from making applications for Certificates of Exemption or submitting evidence in respect thereof, shall be guilty of an offence and shall be liable upon indictment or upon summary conviction to imprisonment for a term not less than one year nor more than five years.

(3) Any newspaper, book, periodical, pamphlet or printed publication containing matter prohibited by subsection two of this section may, whether the printer or publisher thereof be previously convicted or not, be summarily suppressed and further printing or publication thereof and of any future issue of a newspaper or periodical which has contained such matter may be prohibited for any term not exceeding the duration of the present war, provided no action shall be taken under this subsection or under subsection two of this section without the approval of the Central Appeal Judge.

On Thursday, July 19th, while the Bill was still in committee of whole Hon. Frank Oliver spoke on behalf of further amendment of the penalty provisions as follows:

(Hansard Report)

Mr. Oliver: I desire to draw the attention of the House to section 16, as I propose offering certain amendments thereto for which I think there are very good reasons. This section provides penalties for interference with the work under the Act. Subsection 2 says that any newspaper, book, periodical, pamphlet, or printed publication containing matter prohibited by subsection 2 may be summarily suppressed. A newspaper, which is a business organization and which involves a large investment of capital in many cases, is in a very different position from a book or pamphlet. The suppression of a book or pamphlet because of its containing objectionable matter merely deprives the publisher of the proceeds of the sale of the book or pamphlet, but the suppression of a newspaper or periodical amounts to the confiscation of the established business of that newspaper or periodical. I submit the conditions are so different between the newspaper and the book that they should not be placed in the same category as to suppression. While I do not think there is good or sufficient reason for the presence of this provision in the Act, still as the Government in its wisdom has decided to include it, I suggest as an amendment that instead of the business of the newspaper being summarily confiscated by suppression because it has been found to contain objectionable matter, the single issue of the newspaper or periodical containing the objectionable matter might fairly be placed on the same level as a book or pamphlet, and the single issue of the newspaper or periodical might be summarily suppressed, as is provided in the section. The newspaper property should not be destroyed until after the owners have been given fair opportunity to argue their case and to bring whatever evidence they may see fit in support of their position, or in protection of their interests, just the same as any citizen is entitled to do in the protection of his personal liberty against the provisions of this section.

I move, seconded by Mr. Graham, that section No. 16 be reconsidered.

Mr. Oliver: I move, seconded by Mr. Graham:

That section 16 be amended by striking out subsection 3 and substituting the following:

"Any issue, edition, or number of any newspaper, periodical, book, pamphlet or printed publication containing matter prohibited by subsection 2 of this section, may be summarily suppressed, and further printing or publication of the said matter in any future issue of any newspaper, periodical, book, pamphlet, or printed publication, may be prohibited for any term not exceeding the duration of the present war, provided no action shall be taken under this subsection or under subsection 2 of this section without the approval of the Central Appeal Judge."

That replaces subsection 3 as it stands now, and provides only for the suppression of the single edition or issue of the paper or periodical. Then

I would add, as subsection 4:

Any newspaper or periodical containing matter prohibited by subsection 2 of this section shall be deemed to be a person within the meaning of said subsection 2, and shall be liable upon indictment before a Superior Court of the province in which the newspaper or periodical is published to be summarily suppressed by order of the presiding judge, and further printing and publication thereof may by such judge be prohibited for any term not exceeding the duration of the present war; provided that the editor, manager, or such other person as may be so designated by the owner or owners thereof shall be deemed by the judge to represent in person such newspaper or periodical in any proceedings that may be taken under this subsection.

Mr. Oliver: It makes a good deal of difference when you are out shooting which end of the gun you are at, and I have no doubt that my hon. friend the Solicitor General will feel much more comfortable at his end of the gun than I do at mine; so he will perhaps excuse me if I express my sentiments from my point of view. As with many other newspaper men, everything we have in the world is right in our view. It is not the plant that is of greatest value, it is the good-will that is of the most material value. A newspaper is not a mere plant like a member of the animal kingdom—as soon as its circulation stops it dies. The stoppage of the publication of a paper amounts to confiscation of the property, and I cannot see, as a newspaper man, any good reason why my property should be put any more in danger than that of any other man, or why the newspaper business should be considered as exceptionally dangerous to constituted authority than any other elementary and universal as applied to every other human activity and interest should be withdrawn from the newspaper. If it is true that there has been any violation of the law, the authority vested in the Secretary of State by the present stringent and drastic censorship regulations, and therefore the Government is entitled to credit for its careful exercise of the authority, may I suggest that on the other hand the newspapers, speaking of them as a whole, have been just as careful to conduct their part of the public service in time of war. Except in one or two flagrant instances, I think, it must be accepted that the press of Canada have accepted in good spirit and in good faith all the regulations and instructions issued by the censorship, although I am bound to say, speaking as a member of the press, that for some of those regulations and instructions I could see no good reason or reason.

I think there is nothing in the history of the press of Canada to give cause for making it subject to a law which deprives it of the most elementary rights of citizenship, and treats it as a mere plant, a mere thing, a mere instrument which was dangerous to the welfare of the State. My hon. friend has made the suggestion that a newspaper which flagrantly defies the authority of the Government, surely there is nothing in the amendment I have offered to the House that would suggest the contrary. I am admitting the right of the Government to exercise its authority to suppress for well defined and established reasons, but I am protesting with all the strength I have against this position being assumed: that my property is absolutely forfeited to the Government without compensation without proof or evidence of offence on my part, and without the possibility of defence on my part. If this law is put into force my newspaper may be suppressed and my property confiscated although I have committed no offence against the law. I cannot admit that in this country of Canada there is any condition or any probability of any condition that would warrant a law being placed on the statute-book that would put that power in the hands of a party Government to be exercised against their party opponents; that is the position. I do not wish to go over the ground that I have already covered, but here, but there is just one point I wish to emphasize. This Bill does not deal with offences against the State. It does not deal with treason, sedition, or giving information to the enemy, and deals only with an offence against a law passed as a partisan measure by a partisan Government; and to give such a Government the power of destroying the property of its opponents, newspapers, in the enforcement of such a law is to my mind by all means the greatest derogation from the liberties of the subject that has been perpetrated in this or any other country so far as I know, up to the present time. I maintain again that there is nothing and has been nothing in the conduct of the press of Canada, as a whole, that warrants any such steps being taken. It is a matter of fact that Bill was introduced into the House and received its second reading without containing these provisions depriving the subject of his liberty and of the right of free speech. It was only after the Bill had received its second reading that these provisions were inserted, and they were in such form as of such character that they were in fact a law of the present war, provided no action shall be taken under this subsection or under subsection 2 of this section without the approval of the Central Appeal Judge.

That replaces subsection 3 as it stands now, and provides only for the suppression of the single edition or issue of the paper or periodical. Then

Mr. Oliver: I move, seconded by Mr. Graham:

That section 16 be amended by striking out subsection 3 and substituting the following:

"Any issue, edition, or number of any newspaper, periodical, book, pamphlet or printed publication containing matter prohibited by subsection 2 of this section, may be summarily suppressed, and further printing or publication of the said matter in any future issue of any newspaper, periodical, book, pamphlet, or printed publication, may be prohibited for any term not exceeding the duration of the present war, provided no action shall be taken under this subsection or under subsection 2 of this section without the approval of the Central Appeal Judge."

That replaces subsection 3 as it stands now, and provides only for the suppression of the single edition or issue of the paper or periodical. Then

That replaces subsection 3 as it stands now, and provides only for the suppression of the single edition or issue of the paper or periodical. Then

under the Order in Council and under the proclamation every man who holds a copy of that pamphlet renders himself liable to a fine of \$5,000, or imprisonment, or both. What is the offence for which this pamphlet is placed under the ban? Is there treason within its covers? Is it an attack upon the welfare of the State? Sir, it is the most powerful arraignment of the Government that has appeared in the English language or any other language in any country at any time, and because that traffic has more friends of color than have the people of this country this pamphlet has been placed under the ban, and the authority of the censorship, established under the War Measures Act has been invoked for the purpose of preventing its circulation in this supposedly free country of Canada. And it is this Government that asks the newspaper press of this country to accede to a law that deprives them of the right of free speech, and asks them to accept of the right of hearing the accusation against them, and makes them subject to instant suppression at the hands of this Government.

It was my hon. friend the Solicitor General who brought in provisions to incarcerate a free citizen of this country in the tower of the old Parliament buildings. I recall that it was my hon. friend the Solicitor General who introduced the clause into Parliament, and I direct the attention of the country to the fact that it is the Solicitor General who makes himself sponsor for the provision under which he and his colleagues during the election that is about to take place can hold out the threat of suppression against every newspaper in Canada. I recall that in 1912, under the administration of the law as it prevailed in that province, men were thrown into jail without a charge, and after being held there through the election, and then, through a trial, it was found that the question was raised in this House, every man on the other side, from the Prime Minister down, voted in justification of that action.

It was my hon. friend the Solicitor General who brought in provisions to incarcerate a free citizen of this country in the tower of the old Parliament buildings. I recall that it was my hon. friend the Solicitor General who introduced the clause into Parliament, and I direct the attention of the country to the fact that it is the Solicitor General who makes himself sponsor for the provision under which he and his colleagues during the election that is about to take place can hold out the threat of suppression against every newspaper in Canada. I recall that in 1912, under the administration of the law as it prevailed in that province, men were thrown into jail without a charge, and after being held there through the election, and then, through a trial, it was found that the question was raised in this House, every man on the other side, from the Prime Minister down, voted in justification of that action.

## USE OF GUNS CHECKS PANIC IN RUSS ARMY

Over 400 Slain and 1,000 Injured in Petrograd; Army Situation Better.

LONDON, July 31.—A dispatch to the Times from the headquarters of the Russian Seventh army says the situation is more hopeful. Panics among the retreaters are suppressed by quick executions. Deserters, spies and agitators who enjoyed complete immunity under the committee system lie dead on the highways. A paper pinned to the corpses reads: Here lies a traitor to his country. Let others be warned by his fate. The demoralization which accompanied the retreat has been almost completely suppressed.

400 Killed; 1,000 Injured. Disordered in Petrograd last Monday and Tuesday was considerably greater proportions than admitted for publication. A man who has just arrived from there said reports submitted to the Government showed 400 killed and about 1,000 taken to the hospital.

Public opinion in Petrograd is highly inflamed against the Bolsheviks, whose leaders, so far as they have not yet been arrested, dare not show themselves publicly.

Despite the special indignation against Nikolai Lenin, he is not generally regarded as a German agent.

2,000,000 In Retreat. A dispatch to the Post from Petrograd referring to the Russian retreat in Galicia says it is conservatively estimated that more than two million Russian troops are steadily marching rearward. This includes the tenth and Seventh armies, with their reserves. The Eighth army, which is largely cavalry and not included in the foregoing figures, also is retreating.

Disorder in Petrograd is highly inflamed against the Bolsheviks, whose leaders, so far as they have not yet been arrested, dare not show themselves publicly.

Despite the special indignation against Nikolai Lenin, he is not generally regarded as a German agent.

## MAYOR INFORMS COUNCIL OF ARRANGEMENTS MADE WHEN EAST TO FINANCE THE CITY

Option To Messrs. Wood, Gundy & Co. Extended For Another 30 Days—Right Of Way Across Penitentiary Grounds—Commissioners Directed To Call For Tenders For Collection And Treatment Of Garbage As Hog Feed—Bicycle Bylaw Referred To Safety And Health Committee.

The most important matters dealt with by the city council last night were the report of Mayor Henry dealing with his visit east for the purpose of making temporary financial arrangements for the purpose of carrying on the city's activities for the balance of the year. Mayor Henry stated the result of his interview with the Imperial Bank authorities when arrangements were made to protect the city in the payment of the \$250,000 treasury bills which fell due in New York on July 16th.

Very Serious, Indeed  
His Worship said he afterwards interviewed brokers and other financial representatives and found that conditions were very serious indeed. He expressed the utter impossibility of attempting the flotation of a loan against arrears of taxes, under the present statutory conditions, he agreed to endeavor to obtain the consent of council to the issue of \$750,000.00 worth of short term notes, maturing one, two and three years, with interest at six percent, and according to Deputy Mayor Wilson to that effect. Upon receipt of an affirmative reply, he at once gave an option to Messrs. Gundy & Co. of Toronto, at ninety-five net to the city, or better. The Mayor added: "Even if we succeed in this flotation, expenditures will have to be kept down to the very lowest minimum, and to this end our commissioners are now receiving estimates of current expenditures and eliminating any absolutely essential expenditures."

Option Extended  
At the request of the Mayor the option to Messrs. Wood, Gundy & Co. was extended for another thirty days. In explaining the reason for the request the Mayor said that the brokers, owing to the holiday season being on, had not been able to arrange any business immediately, and a satisfactory sale might be spoiled if the option fell due shortly. Mayor Henry said that he was of opinion that if Wood, Gundy did not make a sale on one side would be able to do so on the other. He further stated that the period of the option was extended as far as possible, whether they might be for two or three years, as purchasers might wish to acquire a number of a certain denomination. He expressed his opinion that the fact that council would not be willing to let them go at one year, as this would be practically useless to the city.

Council signed approval of the action taken by the Mayor.

Jasper Avenue Extension  
Dealing with another matter Mayor Henry stated: "I then proceeded to Ottawa for the purpose of discussing with the minister of justice, the question of right-of-way across the penitentiary grounds, known as the Jasper avenue extension and local improvement charges. With regard to the former, I have the assurance of the minister that the roadway will be transferred upon formal request from the city, and the opinion that inasmuch as they were donating this property to the city, they should not be assessed with the local improvement charges. However, he declined to place any writing in writing, upon which, the question will be given further consideration and a ruling made with regard to same."

Council also approved of this arrangement.

Tenders for Garbage.  
As the outcome of a considerable amount of discussion, council decided that the commissioners should call for tenders for the collection and treatment of garbage which might be used for hog feeding.

A report was presented from the safety and health committee that a bylaw should be passed prohibiting the disposal by the producer of any such garbage either by sale or gift and that the city collect all garbage, cook it and sell it by tender.

There was a minority report from Ald. Martin, a member of the committee, to the effect that the collection of garbage should not be undertaken by the city, but let by tender to a contractor.

Dr. Gilman, the Dominion inspector, who was present, said that the subject was not only to Edmonton, but to the country at large. He pointed out the difficulty now existing of exterminating any kind of garbage, as it was taken away during the night or early morning. It was illegal for anyone to do so without a license, but there was no one to see that those who did have licenses always adhered to the regulations as to cooking. What he particularly asked for was that all the garbage should flow through one channel, either for the city to look after it or appoint someone else to do so. It would therefore be fined down to the point that proper oversight could be exercised over its disposal. They had had deputations before them from the Swine Brekers' association, asking that the whole of the garbage should be destroyed, and he knew that they meant business. It had been urged that there would be

### COUNCIL'S SYMPATHY

At the meeting of council last night, sympathetic reference was made to the train disaster of Saturday last, and to the suffering it had caused. On the motion of Ald. MacDonald, seconded by Ald. Wilson, the following resolution of condolence was unanimously passed:

"That this council desires to extend to all those who suffered in the C. N. R. railway wreck on Saturday evening last, their most sincere and deepest sympathy, and also to the relatives and friends of the killed; and hereby expresses the hope that the sufferers will soon recover from their injuries."

### CHEAP HARVEST FARES

The cheap fares for harvest help, one cent per mile, commence on the railroads on Wednesday. This rate is available on all the roads save the E. D. & B. C. railway.

## VETERANS ARE WELCOMED BACK FROM OVERSEAS

Twenty-One Returned Soldiers Are Greeted By Throngs Of Citizens.

Twenty-one returned soldiers reached Edmonton last night on the train from the south and were given the usual enthusiastic reception by the usual big crowd which had gathered at the C.P.R. station to see the boys come home. Mr. Gerrie of the Military "Y," President Ballie, Vice-President Kneeland and Secretary Rheinhardt of the Great West Veterans' Association headed a deputation from that body, and a large number of patriotic citizens supplied automobiles to take the returned men and their relatives wherever they wished to go.

Ten of the returned men were disabled and the others were "duty men." The former included Pte. Harry Gaskill, engineers, 95th, 100th, 101st, 102nd, 103rd, 104th, 105th, 106th, 107th, 108th, 109th, 110th, 111th, 112th, 113th, 114th, 115th, 116th, 117th, 118th, 119th, 120th, 121st, 122nd, 123rd, PERSONALS, MEETINGS, CLUB ACTIVITIES, WEDDINGS AND SOCIAL EVENTS

**M**RS. A. N. MOUAT left Tuesday afternoon at three o'clock for the Arrow Lakes, where she will spend a month before going to her new home in Victoria. Mrs. Mouat will be greatly missed in Edmonton for in the three years of her residence she had taken a great interest in many branches of local activities and especially in the St. John Ambulance working committee, and was largely instrumental in arranging and carrying on of the great sock drive week held recently with such excellent results.

Miss Shaw and her niece, Miss Isabelle Findlay, came in from the coast last night and are visiting Mrs. John H. Boyle.

Mrs. F. E. Davis, of Veteran, is visiting friends in the city. Rev. F. E. Davis is expected in the city next week to attend the conference on social leadership being held at the University of Alberta.

Master George Robertson, 123rd St., left Tuesday afternoon for Ponoka to spend his holidays.

Miss Maud Riley returned to the city Monday morning after a delightful visit at Peace River.

Rev. Father Jan Brousseau and Rev. Father Collin of Montreal are expected in the city shortly to be the guests of Mr. and Mrs. J. H. Garlepy.

The Misses St. Charles of Montreal arrived on Wednesday to be the guests of Hon. Wilfrid and Mrs. Garlepy for ten days or so.

Mr. and Mrs. Hector Anderson, children and maid, who have been holidaying at Gull Lake, returned to the city on Monday.

Fulton Gillespie, who has been camping at Jasper Park for the past two weeks, has returned to his home.

Mr. Houston and his sister, Mrs. Coburn of Pembroke, Ont., have been visiting Mrs. Geo. Fraser and Mrs. E. Freeman, and have left for their home in the East.

Mrs. Diamond from Moosomin, Saskatchewan, is visiting her sister, Mrs. A. Latimer, 83rd street.

Word has been received from Miss Elizabeth Dunlop, who went overseas with several of the nurses from Edmonton, that she has commenced her duties at No. 3 Canadian Military hospital, Hastings, Sussex, England.

Mrs. F. Clark, 9142 Jasper avenue,

## The Daily Poem

### O LITTLE MOTHER OF MINE.

Sometimes in the hush of the evening hour,  
When the shadows creep from the west,  
I think of the twilight songs you sang  
And the boy you lulled to rest;  
The wee little boy with the tousled head  
That long, long ago was thine—  
I wonder if sometimes you long for  
O little mother of mine!

And how he has come to man's estate,  
Grown stalwart in body and strong,  
And you'd hardly know that he was  
The lad  
Whom you lulled with your slumber song.  
The years have altered the form and the life,  
But his heart is unchanged by time,  
And still he is only the boy as of old,  
O little mother of mine!

Walter H. Brown.

entertained in honor of Miss Nora Smith of St. Peter's mission, Grouard, and Mr. W. Kent of High River, who are the guests of Mrs. Giddard. Amongst the guests were Miss Kate Smith, a nurse at the Royal Alexandra hospital, and sister of Miss Nora, also Sergeant Flaven of Calgary, a returned soldier.

Mr. and Mrs. Geo. J. Henry, 114th street, have as their guests, Mr. Henry's sister, the Misses May and George Henry of Toronto, who are en route to Victoria and Los Angeles.

Mrs. J. Dunlop entertained the Red Cross Circle No. 216 at her home on Tuesday afternoon. After the regular business, sewing and knitting, a social hour was spent and tea served.

Through the organization of Mrs. Leslie Jennings a garden party in the interests of the Red Cross Society will be held on the grounds of and in the Mounted Police Barracks on Saturday. The buildings will be open to the public, there will be games, refreshments and attractions. Amongst other things there will be a Tennis tournament and a putting contest. In the evening a cabaret concert is being arranged. Mrs. Beart is the convener of the tennis tournament and would like all entries for the mixed doubles to be in as soon as possible, prizes will be given and tennis balls will be provided. The tournament will be held on the Barracks tennis courts. Phone Mrs.

George Beart, 82269, concerning entries.

Miss Eva N. Hill, of Ingersoll, Ont., after visiting for a few weeks with her sister, Mrs. W. J. Jackson, left on Monday for Tacoma, Wash.

Mrs. Chas. H. Gibbs of Griffin Creek was a visitor in town on Wednesday on route to Edmonton, where she will pay a visit to friends. Mrs. W. Stewart entertained at afternoon tea on Tuesday of this week in honor of Mrs. Allan McKenzie, who leaves on Saturday to spend several weeks with friends in Edmonton and points in Saskatchewan. Peace River Record.

Mrs. Jean Muldrew, assistant superintendent of Women's Institutes, leaves Wednesday morning for Ottawa to attend a conference. Mrs. Muldrew will be in charge of the Domestic Economy branch of Alberta.

Mr. Justice McCarthy left Calgary on Sunday to spend a few days in town.

Miss Ray Dillon and Miss Alice Blain expect to leave on Wednesday for the coast to spend their holidays.

A number of members of the G.I.A. and the B. of L.E. and friends motored out on Thursday last to the summer camp of Mrs. W. Edwards of Edmonton south. Mrs. F. Chiddy of Wetaskiwin at Military Point, North Cooking Lake, and held a very successful picnic. The weather was ideal and the excellent bathing and boating facilities were greatly enjoyed by all. A luncheon was provided by the members and the beautiful grounds surrounding the camp proved all that could be desired. The party motored back in the late evening. Those attending were: Mr. and Mrs. Jack Jones and son, Mr. and Mrs. Dave Dean and family, Mr. and Mrs. Chas. McCormick, Mr. and Mrs. Frank Muligan and daughter, Mr. and Mrs. T. Martin, Mrs. McCallum and son, Mrs. De Silva, Mrs. Greenlee and son, Mrs. S. Stacey and son, Mrs. Peterson, Mrs. Gaugher, Mrs. Nehring, Mrs. Wilson, Mrs. Gault, Mr. Pedraza, Jim Woods, Mr. Sid Stacey and Mr. Bert McCann.

Mrs. Pierce, of Calgary, is visiting her sister, Mrs. James E. Reilly.

The dance given last night at the Great War Veterans' club rooms under the auspices of the Women's Voluntary Association was a great success. A big crowd attended and everyone present enjoyed a jolly evening.

## SOUTH SIDE DIARY

Dean W. A. R. Kerr of the University is expected from California shortly where he has been for several months for his health.

Miss Lillian Servos, sister of Mrs. John Frearson, 80th avenue, is convalescing at Cooking Lake, doing well and gaining strength rapidly after her operation. She is the guest of her sister, Mrs. Clibborn.

Mr. and Mrs. R. B. Bush of Regina are expected shortly to visit their father and sister, Mr. J. Bush and Miss Bush, 87th avenue.

## RED CROSS SOCIETY

Red Cross Circle 152, Eastwood, at which Mrs. Merrick is president, celebrated their first anniversary on Friday afternoon at Mrs. Hyde's, 53rd street.

A miscellaneous program of patriotic songs and readings and an address on Red Cross work by Rev. R. H. Harden, was enjoyed by all. During the social hour which followed several names were added to the roll. The following is a list of articles made during the year: Dressing gowns 12, service shirts 9, straight bandages 116, triangle bandages 12, M. T. bandages 35, T. bandages 36, personal property bags 72, not water bags 42, slings 18, operation stockings 8, socks 8 pairs, surgical shirts 7, bed jackets 16, face cloths 12, handkerchiefs 121, pillow slips 121, towels 336, money raised \$24.50.

The Red Cross Society requests that any person having an easy chair to spare, will notify the Society at 201 C.P.R. Building, Phone 5478.

The Society is endeavoring to supply the Convalescent Home at Strathcona with as many chairs as possible. Donations of money for these and other comforts will be gratefully accepted.

**ROBBERS GET \$12,000**  
SPOKANE, Wash., July 31.—Two masked men today held up the cashier of the First National Bank of Medical Lake, sixteen miles west of here, and escaped in an automobile, after scooping \$12,000 into sacks.

**Frank Hughes**

## TODAY'S INQUIRIES

How can the green stains made by an alcohol lamp on a percolator or chafing dish be removed?  
The green stains made by an alcohol lamp on a percolator or chafing dish can be removed by rubbing with a cloth moistened with ammonia.

In washing cloth which has had ink spilled on it, what should be substituted for soap?  
Boiled rice should be substituted for soap when washing ink out of a tablecloth.

What kind of bedroom slippers are most convenient for wear when travelling?  
Slippers of soft leather which fold flat are most convenient for wear when travelling.

To the Editor of Woman's Page:  
Dear Madam—Would you please tell me through your columns how a new iron pot should be treated to prevent it from rusting?

First of all, boil some new sweet hay for several hours and after thoroughly drying the iron pot, try out some leaf lard or suet or cook something very greasy and always after using, thoroughly dry and turn upside down when not in use.

To the Editor of Woman's Page:  
Dear Madam—Would you please print in your page, the vibratory treatment to make the face thinner?

I have two inches too tall for a girl of fourteen years; my friend thinks she is awfully tall. Thanking you in anticipation.

LILLIAN LOVE, City.

The vibratory treatment is nothing more or less than an electric vibrator applied to suit the case. No.

Send Her Flowers or Candy.

To the Editor of Woman's Page:  
Dear Madam—I am a young man of twenty-two, but have not mingled much in society. I met a young lady recently who has been very pleasant to me and I would like to show her some little politeness, though I have not much to give. I am in love with her, as I am not, and I do not think she has any sentimental attraction for me. How could I show her a little attention?

Send her an occasional box of bonbons, some pretty flowers at another time, or a book now and then. Also invite her to go with you to the theatre or to the moving picture shows several times in the year. These are any of them rather impersonal attentions and are always appreciated by the girl.

Wait Until Introduced to Her.

To the Editor of Woman's Page:  
Dear Madam—If you please tell me another man telling him of his betrothal to a girl the first man does

**Dance and Raffle at North Cooking Lake**  
The dance which was held at North Cooking Lake on Wednesday last in aid of the Red Cross by Auxiliary Circle 583, was most successful from the point of view. Everyone seemed to enjoy themselves thoroughly.

The members of this circle decided to try and raise funds which are urgently needed and considered. Those attending were: Mr. and Mrs. Jack Jones and son, Mr. and Mrs. Dave Dean and family, Mr. and Mrs. Chas. McCormick, Mr. and Mrs. Frank Muligan and daughter, Mr. and Mrs. T. Martin, Mrs. McCallum and son, Mrs. De Silva, Mrs. Greenlee and son, Mrs. S. Stacey and son, Mrs. Peterson, Mrs. Gaugher, Mrs. Nehring, Mrs. Wilson, Mrs. Gault, Mr. Pedraza, Jim Woods, Mr. Sid Stacey and Mr. Bert McCann.

Grateful thanks are expressed to Mrs. McMenomy for donating a 5-lb. box of chocolates, to Mr. Chris Saks for his contribution, to Mr. John Morrow for two Rhode Island Red hens, pure bred—all three gifts to be raffled for.

Mr. Roy Gerolamy for his valuable work and help in many ways, Chris Saks for making the tea and coffee, and contributing sandwiches and milk; Mrs. McMenomy and Mrs. Mitchell for loaning dishes, etc. Miss Gwendoline Owen and Mr. John Morrow for managing the raffles; to Mr. McIntosh for sandwiches and selling tickets; to Mr. Fowler for his motor boat service from Military Point return and tickets; also the following ladies who sold tickets: Mrs. Fulcher, Miss Ellen Green, Miss Gwendoline Owen, Miss Lillian and Florence McMenomy, Mrs. Dopsee, Mrs. MacIntosh, Mrs. Flanagan and Mrs. Owen.

The proceeds realized the substantial amount of \$73.25, made up as follows:

Entrance money	\$15.00
Per Mr. Fowler's motor boat	12.50
Tickets raffled	33.25
Donation from Mr. Fowler	5.00
Military Point	5.00
War cake recipes by Mrs. Bryson	3.50
Donations	1.00
Total	\$75.25

Many thanks were expressed to all the visitors staying at the lake who so kindly contributed cakes and sandwiches and to Mr. Noel Owen and Mr. Ray Dunlop who both worked so energetically in the cause and to Mr. McLean for the use of his gramophone.

A special excursion train from Wainwright to North Cooking Lake with the United Farmers' association picnic arrived here Thursday morning. The ideal weather was all that could be desired for such an outing and boating and bathing was indulged in by most of those present.

E. U. Fowler, Chris Saks and W. A. Rose motor were kept busily engaged all day in conveying parties round the numerous islands on the lake—one visitor in his enjoyment of the boating forgot "time and tide wait for no man" and consequently missed his train. However, Mr. and Mrs. McMenomy came to the rescue and took him to his destination at Ryley in their auto.

London, July 31.—Lieut. D. L. Burgess and Lieut. R. M. McMillan, of the Canadian infantry, and Lieut. F. A. Plamondon, of the Pioneers, are gassed flying observers.

# Sixty Branches of Women's Institute Organized on Trip

Miss Mary McIsaac Reports Success With Demonstration Train.

Miss Mary McIsaac, the energetic superintendent of Alberta Women's Institutes, has organized over sixty new branches in the past month on her trip through Alberta on the demonstration train and reports a thoroughly satisfactory trip and one of the best, having special success in the northern part of the province. About a hundred and fifty excellent kodak pictures of much interest were taken on the trip. Mrs. J. F. Price, in the Peace River Standard, gives an account of the organization of a branch on Monday of what promises to be a very thriving one in Peace River, with a chairman of membership of thirty and good strong executive. Mrs. J. F. Price has been made a director of the Peace River district.

## ENLIST WOMEN AS FOOD SAVERS; TO ISSUE CARDS

Ottawa, July 31.—The housewives of Canada are to be asked to volunteer for food service. Hon. W. J. Hanna, food controller, proposes to utilize the machinery of the representative provincial committees to pledge every housewife in the Dominion to the observance of the orders and regulations which conditions may determine to its essential to feed the Canadian divisions, the British forces and the people, and the allied armies and nations. Every housewife signing the pledge is to be supplied with a window card for her home, showing that the household has enlisted in the domestic food forces which Canada must have to support the soldiers at the front. Specific instructions on methods of conserving, preserving and substituting foods to take the place of those required for export will be issued from time to time. War will be declared at once on the food waste which is costing the Dominion sixty-five million dollars a year.

## Famous Women

**Mrs. Turner.**  
Mrs. Turner was a woman of great beauty who, in the reign of King James I, was implicated in the murder of Sir Thomas Overbury in the Tower and who some time after suffered the death penalty for her connection with this crime. Robert Carr came to the court of James I, and his rise, owing to the favor he had gained, was very rapid. He chose as his friend and adviser Sir Thomas Overbury. Carr, in the course of time, cast his eyes toward the Countess of Essex, the beautiful and fascinating daughter of the Earl of Suffolk. This object of illicit love readily responded to Carr's advances. The woman responsible for making arrangements for convenient meetings between the two was Mrs. Turner, a sort of companion to the Countess of Essex. The time came when the pair desired to marry in the face of legal objections, and this necessitated divorce proceedings which were promptly brought by the Countess. Sir Thomas Overbury opposed this step, and so advised his protegee, who had by this time become Viscount Rochester. The latter finally contrived to have his former friend cast into the Tower. Here, with the aid of accomplices, Overbury was slowly poisoned. Mrs. Turner being the leader in the plot. She as well as the Countess and Viscount Rochester were arrested and, with an apothecary brought to trial. The Countess of Essex and Rochester were sent to the Tower and pardoned after spending several years imprisoned there. Mrs. Turner and her accomplices were condemned to death, which was imposed at Tyburn on Nov. 18, 1615.

**Today We Celebrate**

**Emancipation of British Slaves.**  
The first of August, 1834, was the day on which the slaves of the British colonies were assigned, not their actual freedom, but to a so-called apprenticeship. This was to prepare them for full freedom. An act passed by parliament in 1833 provided that on Aug. 1st in the following year, all slaves should become "apprenticed laborers" to their masters. In two classes; that in 1838 and 1840 respectively, these two classes should receive their actual freedom; that twenty million pounds sterling should ultimately be paid to their masters who would thus lose the services of the slaves; and that this sum would be distributed according to the market price of slaves in each colony, during the eight years from 1833 to 1840. All negroes born after Aug. 1, 1834, were born free. This Emancipation Act affected 770,280 slaves. A remarkable address was given on this occasion by the Marquis of Sligo, governor of the island of Jamaica. In this address the negroes are addressed almost as children to whom freedom was an unknown privilege, and who might possibly like a life better than an industrious one when enforced labor should cease. The address said in part "My friends: Our good king, who was himself in Jamaica long time ago, at this time talks a great deal about this island. He has sent me out here to take care of you, and to protect your rights; but he has also ordered me to see justice done to you, because you are people who do wrong. Take my advice, for I am your friend, be sober, honest and work well when you become apprentices, for should you behave ill, and refuse to work because you are no longer slaves, you will assuredly render yourselves liable to punishment. You will, on Aug. 1st, next, no longer be slaves; from that day you will be apprenticed to your former owners, for a few years, in order to fit you for freedom. It will therefore, depend entirely upon you whether your apprenticeship shall be short or long; for should you run away, you will be brought back by the Maroons and the police, and have to remain in apprenticeship longer than those who behave well. You will only be required to work four days and a half in each week; the remaining day and a half will be your own time, and you may employ it for your own benefit, as you will, and to the content and diligent subjects to your king, so that he may never have reason to be sorry for all the good he has done for you."

**BRITISH CARS**  
**BLOCKED A GAP**  
**OF 15 MILES**  
Few British and Belgians Left to Do All of the Fighting.

London, July 31—Telegraphing to the Times from the headquarters of the Russian Seventh army on July 29, Robert Wilson tells the full story of how the British and Belgian armoured cars saved the Russians from worse disaster. On the Tarnopol road, the cars at close range held up the advance of the Germans and Austrians for several hours, bringing all enemy batteries were brought into action point blank.

"The Russians remained in their trenches so long as the armoured cars stayed there, but as the Austrians advanced with the Germans the Russians of their own accord flung away their rifles and ran for their lives. The fleeing Russians crowded our cars, breaking them down so that we lost three. A similar state of affairs occurred with the other squadrons which checked the Austrians and managed to keep the advancing infantry back until the artillery arrived. The Russian retreat became a rout."

"We were in action time and again during the day. Every car fired over 2,000 rounds. The hottest fighting occurred in the villages of Antanivka and Darahov, 10 miles east of Trembowla. At the latter place we ambushed the enemy from the houses and courtyards, destroying them wholesale."

On the 24th we operated in the high road between Darahov and Bucacz. At four in the morning the corps commander summoned Lockyer Lampson and told him that two divisions had bolted leaving a gap of 15 miles near Hlaskowtze as far as Trembowla. To one of the corps' main tasks of protecting this huge space. Working along the road to Poleska and Darahov we did great execution on the advancing infantry, mainly Austrians. On the 25th the Tarnopol road we went into action with four cars. The situation was desperate. There were great gaps in the front, caused by the flight of whole divisions. Lampson himself went into action.

"We Mowed Them Down."  
"We spotted an Austrian officer standing on a knoll and drove the car in that direction and came plump into a large force of the enemy at a range of 50 yards. Opening fire we mowed them down and got out safe."

"Against the Cavalry."  
"One car had its engine completely blown out by a direct hit and had to be abandoned. The crew dismounted the guns and moved on. Another car was struck by a shell which smashed the plate, wounding all the crew. Driver Swan badly wounded, drove his car out of action. Another car got a fire but was saved. The car with Lampson had its dynamo damaged."

"On the 26th the cars got into action for the first time against the German cavalry, which all immediately decamped. Some of our men were 20 hours in their seats in the cars. The corps commander said we had given a respite of 21 hours, filling a gap which otherwise would have enabled the enemy to use their cavalry and motor-mounted infantry, with a chance to cut our line of retreat."

"The extraordinary feature of these operations was that the British armoured car division practically held up the whole German front, the being rendered possible by the excellent judgment shown in selecting a splendid road for the operations, the highway from Noucarz. Our cars were repeatedly under fire at 2,000 yards."

"On the 17th we continued to cover the Russian retreat, which was becoming more orderly, thanks to the stern measures applied by Korniloff. The enemy apparently was unable to advance against our cars without the support of his heavy guns. Our work left yesterday, homeward bound. All are doing well excepting one serious case."

**The Belgians Helped.**  
Before their departure Commander Lampson, in the presence of the men at a base, presented crosses of St. George, by Korniloff to the eight wounded men of the right flank throughout the retreat. Comte de Prement was severely wounded, also Comte de Lidkerke. The casualties altogether number 30. The Belgians were fortunately sustained no losses in cars."

**Sidelights on the War**  
Fourth Year of the War.  
August 1, 1917, marks the beginning of the fourth year of the great war in Europe. The entry of the United States into the alliance against Germany and the other Central Powers is the most significant event of the third year of the great conflict, the near impasse being the military collapse of Russia and the deposition of the Czar. The direct cost of the struggle in money at the end of the third year represents a sum close to \$100,000,000,000. In the first year military expenditures in the first year was approximately \$17,500,000,000. In the second year it was about \$25,000,000,000. In the third year it has doubled and besides this the United States is now throwing its wealth into the maelstrom. Pro-rates over the entire population of the European nations, the direct war cost has meant more to France than to any other belligerent. England is second on the list, Germany third and Russia, because of its vast population nearly last. Reduced to a per diem basis the war has cost France 32 cents a day for each inhabitant of the republic, Russia 6 cents. It is at the present time impossible to know just what the war is costing per inhabitant of the United States, but it is likely to be nearer Russia's figures than Germany's.

**BANK CLEARINGS**  
The Edmonton bank clearings for the month of July, 1917, amounted to \$11,064,031.40 and for the corresponding period last year were \$8,498,567.63.

**Today's Anniversaries**  
It was on August 1st, in the year 725, that the old English tax called Peter's pence, was first imposed by Ina, king of the West Saxons. The purpose of the tax was to support an English college at Rome. It was on this date in 1498 that Columbus, on his third voyage, first set his foot on the continent of America at Terra Firma, mistaking it for an island. This was more than a year after the English expedition under the Cabots had reached its shores. Aug. 1 marks the anniversary of the Battle of the Nile fought in 1798, between the French fleet under Bruyas and the English under Nelson. Nine of the French ships were taken, two burned and two escaped in this great British victory. On this date in 1842 a riot broke out in Philadelphia, when the colored people attempted to celebrate the Emancipation of the slaves in the West Indies. They were assailed by a mob, which committed many deeds of violence. A public hall and a church were burned and several private houses destroyed. Similar disturbances took place in other cities.

WEDNESDAY, AUGUST 1, 1917.

The Toronto Telegram is the most reliable indicator of what is going on in the council chamber of the "Big Business" interests, which created the Borden Government, have dominated it for six years, and which propose to continue to rule during the next Parliamentary term if they can keep control. Unusual significance therefore attaches to the following editorial which appeared in the Telegram on Tuesday of last week under the heading "Canada's Choice":

The thought of having this country's politics dominated by Sir Clifford Sifton is appalling. The possibility of having this country's liberties dominated by Emperor William is unthinkable. The choice of alternatives is not ideal. The choice is inevitable. As between Sir Clifford Sifton and Emperor William, CANADA'S CHOICE IS SIFTON.

This lets the cat out of the bag in summary fashion, surely. It is to be taken as an official announcement from our political king-makers. And its meaning is as clear as its authority is unquestionable. The "Big Business" interests, it seems, have come to the conclusion that Sir Robert Borden cannot win the election, even on the conscription issue, and that if they are to retain control of the commercial life of the country they must oust him from the Premiership and replace him by an able man, Sir Clifford Sifton being the choice. That decision having been reached, the public are duly acquainted with the fact through the columns of the Telegram, with apologies for the selection made but instructions that whatever they may think of the new premier-to-be they are to receive him as their one and only saviour from the clutches of the Kaiser. The announcement is not exactly unexpected, for it is in line with the newspaper campaign started last summer to boost for a "national" government to be composed of some unspecified "big business" men, whose names were discreetly concealed but among whom Sir Clifford was generally supposed to be numbered. It is in confirmation too, of the interpretation placed upon the attitude the Winnipeg Free Press has taken toward Sir Wilfrid Laurier, and upon Sir Clifford's sudden awakening to political activity after some years of retirement. It likewise throws light upon recent developments at Ottawa. The conscription bill created a cleavage among the Liberal members of Parliament. It may be supposed that that was one of the objects in view when it was introduced. In any event, the profiteers are taking prompt advantage of the split. An effort is to be made to separate the disaffected Liberal members from Sir Wilfrid Laurier and to line them up under the leadership of Sir Clifford Sifton. With this following the evident intention is that Sir Clifford shall relieve Sir Robert Borden of the Premiership and form a coalition Government supported by the Conservative-Nationalist members. The announcement does not state whether this shuffle is to be made before the election or after, but the probability would be before. Having decided that Sir Robert is "through" it would be folly to risk losing the election by deferring his deposition. And of course there is the possibility that if Sir Robert should pull through election he would then refuse to get out, and might even be disposed to retaliate upon the schemers. Any time after

Parliament prorogues therefore we may expect an announcement that Sir Robert has been deposed and that Sir Clifford reigns in his stead.

Saving money by using cheaper food is not the same as saving food. In some cases the sort of food that is scarce may be less costly than other food of which there is a plentiful supply. It depends upon the amount of profiteering, as well as on the amount of supply. Under proper regulation the price would be in proportion to the supply, and to use the cheaper kinds of food would save the kinds it is most important to conserve.

The recently appointed Board of Supervisors of the grain trade have fixed a maximum price for wheat—that is, the highest price that can be paid for wheat. To make the regulation just it should be followed by two others. One would fix a maximum price for farm machinery, binder twine, and all the other things the farmer has to buy as incidental to the business of raising wheat. The other would fix the maximum price that can be charged for flour, the price being calculated on the cost of milling wheat bought at the fixed maximum price. If that is not done the farmer may still be held up on what he has to buy and the consumer on flour, while by manipulation the price of wheat may be beaten down to any figure below the maximum that combination may make possible. In other words the manipulators will simply continue to exploit the consumers by boosting the price of flour, and the farmer by depressing the price of wheat; with the added advantage that the farmer will be forbidden by law to charge or try to charge them more than the up-set price of wheat.

Sir Clifford Sifton expresses the view that Canada would drop out of the war if Sir Wilfrid Laurier were returned to power. Six years ago Sir Clifford broke with Sir Wilfrid, repudiated the primary principle of the Liberal party, and joined the movement to establish a Government dependent upon and subservient to those interests which flourish by the exploitation of the public. For his undoubted services in that connection he was rewarded by a title. Since that time the Liberal party has had no responsibility for him or his opinions, and he no responsibility for the party or its fortunes. His present attack upon the Liberal leader is to be construed simply as an adaptation of new means to the same end—the defeat of the Liberal party with which he was identified so long as he could use it for his own purposes, and the success of the Conservative-Nationalist party which accepted his services at the same price. That Sir Clifford believes that Sir Wilfrid Laurier would—or that any man could—form and carry on a Government in Canada on any other principle than that of the energetic prosecution of the war is not probable. The straits into which vacillation and side-stepping have led the Borden Government makes that clear enough. But Sir Clifford was trained in a school where men "speaking politically" said what they thought would accomplish their purpose, without any other scruples on other account. So, he attacks Sir Wilfrid with the language he thinks most likely to incite prejudice against him, regardless of whether the idea the language conveys is just or even sensible. Sir Wilfrid is to be beaten because he refused to sell out the Liberal party to the "big business" interests at the behest of Sir Clifford and his friends; what has to be said or done to beat him is a matter of minor detail in their code of politico-financial strategy. "The end justifies the means," and the end is money.

## GERMANY'S GOLD SHRINKING FAST FORETELLS END

Crumbling of Enemy Financial System Reported to Have Begun.

WASHINGTON, July 31.—A curious shrinkage in the German gold reserve reported from abroad today attracted interest here as possibly foreshadowing a crumbling of the German financial system which up to now has borne the immense load placed upon it. As yet, however, the shrinkage is small and not in any sense fatal, but in connection with the appeals of the government to individuals to give up gold jewelry, is considered important. Observers here are at a loss to account for the shrinkage, but give possible causes. One is that Germany, unable to maintain her balance of trade with contiguous neutrals, is being forced to export gold in payment. Another is that Bulgaria and Turkey refuse to take German bank notes, and a third that actual gold is needed for the immense propaganda at work that Germany is conducting in Russia and other countries.

## Win the War and Slam Quebec.

Big Business captured Canada in 1911.

Big Business is out to "consolidate its gains" in 1917.

Big Business won in 1911 by the treachery of professed Liberals.

Big Business has opened its campaign of 1917 with the help of like treachery.

In 1911 in Ontario the slogan of Big Business was "No truck or Trade with the Yankees" and in Quebec, "No help in Britain's Wars!"

In 1917 the slogan is "Win the War and Slam Quebec!"

The slogan of 1911 were appeals to passion and prejudice and against reason, but their objective lay outside Canada.

The slogan of 1917 is equally an appeal to passion and prejudice and against reason, but its purpose is to set race against race and province against province within Canada.

Big Business did not fight for control of Canada in 1911 to prevent Canada trading with the United States. The fight was solely for the profit and prestige of Big Business.

The fight of 1917 is not either to win the war or to slam Quebec, but to tighten the strangle hold that Big Business has had on the throat of Canada by control of its money and its food ever since 1911.

While the slogan of Big Business in 1917 is "Win the War and Slam Quebec!" the secret dispatch is: "If we control the factories, the flour mills, the packing plants and the banks, Quebec will look after itself, and other people must win the war."

The first, the biggest and the only kick against voluntary enlistment for overseas service came from Big Business in Hamilton, Toronto and Sidney. The demand for selective conscription came from the same centres and from the same interests—the interests that were strong enough to make the premier say when introducing the conscription bill:

"Those who in their present occupations are rendering better service to the state than by enrolling in the Canadian Expeditionary force must not be selected for military service. There is need for men at the front; there is also need for men at home. The nation's activities essential for winning the war must be maintained."

While the Premier and the Solicitor-General shed crocodile tears over the wastage of men at the front, they don't propose to take men needed by Big Business to replace the wastage. If men are conscripted and the security of the country under protection of Big Business does not send their share, that share will either have to be made up from other sections of the country not under the protection of Big Business, or the wastage at the front will not be replaced. Its profits are to be protected at the cost of the blood of the people not necessary to Big Business.

Big Business has strangled enterprise, has oppressed industry and has ground the faces of the poor in food prices. These were spoils of the victory of 1911, but not all the spoils. Now that men must be conscripted for the fighting line, it is the strangled enterprise, the oppressed industry and the hungry poor who must find the men while Big Business still fattens in comfort and security, and its hirelings shriek "Disloyalty!" at any and all who question its Divine Right.

## PARTY OF 600 RETURN

Quebec, July 31.—Another batch of over six hundred officers and men invalided home from overseas are expected at the discharge depot this week and most of the men are from Ontario points.

## The Noiseless Death.

Did you ever hear of the Noiseless Death?  
That waits in on the breeze,  
That makes no noise and leaves no track,  
That nobody ever sees?  
That comes with the wind and goes with the wind—  
It sounds like a fairy tale—  
But it takes its toll of a human soul  
And leaves a blazen trail.

A trail of death is the only sign  
To tell of the passing by,  
Of the visit of hell from a human brain.  
From which you cannot fly.

It slinks in the holes and cracks of the floors  
And waits like a snake in the grass  
Till unsuspecting along you come—  
And you're gassed, by God! you're gassed.

Oh, a man may fight with a fist or a knife,  
And he stands a chance to win.  
When it comes to pass he must fight with gas  
He is better not to begin.

A shell may land where he happens to stand,  
But then he has a chance.  
And I'll never kick if I get hit  
In doing my bit in France.

A fight's a fight and a blow is a blow.  
When both are equally matched.  
But a man can't fight with fist or knife  
When the other uses gas.

By Pie. A. Gibson.

## ANSWERS

This department does not pretend to be infallible. It will endeavor, however, to answer questions sent to it by readers of The Bulletin to the best of its ability, reserving the right to ignore all that are trifling or of concern only to the questioner. To receive attention, every inquiry must bear name and address of the questioner. This information is not wanted for publication, but as an evidence of good faith.

**Sending Money to Italy.**  
To the Bulletin: I am purchasing musical instruments from Italy. What do you consider the safest means of transmitting the cash, under present war conditions.—Subscriber.  
A bank draft from one of the larger banks would probably be quite safe.

**Conscription.**  
To the Bulletin: If the conscription bill is enforced will they force an only son to go to the front?—T. A.  
An only son would possibly be able to secure exemption if, for instance, he had a dependent widowed mother. Otherwise there is no provision in the bill for special exemption privileges to only sons.

**Missions in China.**  
To the Bulletin: How many missions are there in China?  
H. L. B. Red Deer.  
According to the latest statistics taken from the World Atlas of Christian Missions (1911) there were 4,197 foreign missionaries in the Chinese empire; 234 of these were sent by Baptist societies, 1,812 were sent from America and Canada and 667 men and 348 women physicians were doing missionary work in China.

**The First Jockey.**  
Edward Polakovich, Glover Bar, writes: "In answer to 'Questions' of July 26, 'Simms' was the first jockey to introduce the American style of racing into England. Fred Archer died years before the advent of Ted Sloan."

## With The Humorists

**Doesn't Always Work.**  
"Take my advice," said the man who has a great deal of litigation, "Do anything rather than go into court."

"I tried that once, and it taught me a lesson."  
"How so?"  
"I've given a stiff fine for resisting an officer."—Birmingham Age-Herald.

**One's Ancestors.**  
Willie—Don't what are ancestors?  
Father—Well, I'm one of yours—and your granddaddy is another.  
Willie—Oh, but why is it that folks brag about them?—Everybody's Magazine.

**Not Cupid But Cupidity.**  
What possessed Edith to marry that old codger?  
His possessions.—Boston Transcript.

**Following His Trade.**  
The police in a certain western town made a raid upon a club where gambling was suspected. The names and addresses of those caught on the premises were taken and in due course the offenders were summoned to appear in court.

One of the offenders on being asked what trade he followed, replied: "I am a blacksmith."  
"What were you doing when the police entered?"  
"Well, your honor," came the answer, "I was just making a lot for the door."—Baltimore American.

**Like the Seashore.**  
"My dear," said Mr. Newedd as the sixteenth cook in a month came up the walk, "this reminds me so much of the seashore. I can sit at my own window and watch the breakers coming in."

**Two Kinds.**  
"There are players and players."  
"Explain yourself."  
"One kind plays to marry a full house and never gets a hand; the other plays many a hand and never gets a full house."

**Kind to Father.**  
Little Miss Threepence, very observant, called on her grandaunt the other day. "Come again," said grandaunt in farewell.

Father next morning said: "Goodbye, Little Miss."  
"Goodbye. Come again," she replied in polite tones.

**Pitied His Widow.**  
"That fellow was an impudent fraud. How did he manage to wheedle money out of you?"  
"Oh, John, he told me such a sad, pitiful tale about his poor wife, who was a widow with six children."—Baltimore American.

**Getting at the Sense.**  
"General, the enemy are upon us, shall we give them battle or retreat?"  
"Don't bother me with such questions," snapped the senator, turned soldier. "Submit it to a referendum."—Kansas City Journal.

**Not to be Caught.**  
Doctor—You are slightly morbid, my dear lady. You should look about you and marry again.  
Widow—Oh, doctor, is in this a proposal?  
Doctor—Allow me to remind you, madam, that a doctor prescribes medicine—but he doesn't take it.

## BRITISH CASUALTIES.

London, July 31.—British casualties in all theatres of military operations, published in newspapers during the month of July, total 71,822 of officers and men. The officers killed, wounded or missing total 2,593, while the men number 69,229.

## Current Comment

**Election Date.**  
From the Ottawa Journal (Borden Con.)  
When will the election be?

Again the Journal is unable to speak with official assurance, but there are certain manifest facts which make it practically certain that it cannot be held until the latter part of September. In the first place, there is certain necessary legislation to be enacted before the House can be dissolved, and experience teaches that oppositions are not inclined to facilitate government measures on the threshold of an election. Sir George Foster has promised the House that an income tax will be introduced in the present parliament, and as an income tax is at best a subject of controversy, its passage will take up considerable time. Then there is the matter of preparing to take the soldiers' votes. The task will not be an easy one, and six weeks alone is regarded as only a conservative estimate of the time it will take to prepare ballots and get them to and from the camps in England and the trenches in France and Flanders. These things and others, considered, there is hardly any likelihood of the election date being fixed earlier than the 20th of September.

**Tells Nothing New.**  
From Calgary News-Telegram.

The Canadian fuel controller announces in an Ottawa statement that it will be necessary for Canadians to economize in every way possible in the matter of coal. The controller, however, is not telling the western people anything that they have not known for a considerable time. When the government of the country permits the Alberta coal mines—the biggest producers in Canada—to remain tied up for two or three months, there is only one result—shortage and enforced economy. Under proper supervision of the western mines six months ago, the chances are that the west might have been shipping coal to eastern Canada this year, and thereby doing something to lay the foundation for a "Made-in-Canada" industry. As it is now, a large part of Canada must depend upon the United States for coal, and in the case of an American embargo—which is not likely, of course—there is no coal.

**Getting a Shock.**  
From the Winnipeg Free Press.

Increased beer-brewing for the warm months, and especially where crops are being harvested, is the announced policy of the British government. This will be shocking to the prohibition lobby at Washington.—N. Y. World.  
There's shock in it for all America outside of Washington, too, says the St. Paul News. We are urged to conserve our grain, that England may eat it. We are even considering giving up our beer, that England may have the grain that goes into it. According to the above, England is going to eat our harvest savings and put her own harvest into beer. It is a sure shock for the prohibitionist who has been economizing in order to help feed England, and it's a whole earthquake for the American lover of beer.

**Welcome an Election.**

The provision in the conscription bill prohibiting the press, under penalty, from offering criticism of the measure, will help the government in any way, manner or form, but on the contrary will rouse a whirlwind of wrath and suspicion. The Canadian people will never stand for the press being throttled in this fashion, especially after the lengths to which the Nationalist papers of Quebec have been allowed to go in denouncing the part in the war already taken by Canada. When a Canadian government arrogates to itself powers

of a nature not exceeded in Germany itself, it is time that government gave way to one more in accord with the democratic principles which the civilized nations of the world are today fighting to establish. Down with the autocracy, profiteers, Bob Rogersism, etc. The election cannot come too soon.

**Not Ready to Support Borden.**  
From the Saskatoon Phoenix.

As was agreed upon by Ontario Liberal editors, it is recognized as essential that the Canadian army should be backed up with the needed reinforcements; but those Liberal editors were not prepared to support the government of Sir Robert Borden in carrying out that policy; that is the general Liberal feeling throughout the country. We are unwilling to get behind the government which has fallen down so badly in leadership and administration. We want a new prime minister, a new government, if possible let it be a unionist so that a definite national policy for war and re-organization after war can be worked out and faithfully followed. But let us not deceive ourselves on the question of what is wanted.

**The Franchise Question.**  
From the Ottawa Journal.

There is a great deal of discussion about a franchise act that would disfranchise naturalized aliens, but there does not seem to be any solid basis for such a general belief. The difficulty lies in the fact that, while such a step may have been made justifiable by what has taken place during the war, the application of such a measure would be fraught with all kinds of difficulties and the greatest delay. It would mean that the government would have to introduce a new franchise act, that parliament would be held up by the strongest kind of opposition from a section of the Liberal party at least, and that a great deal of precious time would be lost in endeavoring to achieve something that might not be realized in the end.

The best prospects are that, owing to a desire on the part of everybody to avoid delay, no franchise act will be introduced. In such an event, much as it might be regretted by many, the women of Canada would not exercise the franchise in this election. It is not a question of denial of their right to do so; it is simply a question of stern necessity imposed by circumstances over which the government has no control.

## MIXED FARMING SPECIAL TRAIN WELL RECEIVED

Attendance at All Points Visited in North Country Was Very Large.

The mixed farming special train, which has been touring the province for the last five days, has arrived from the Peace River country, after the most successful trip this train has ever had.

The attendance at all points was very large and the people were deeply interested in the various exhibits. Forty-eight places were called at and the average attendance was about three hundred.

The arrangements made by the Canadian Pacific and the Edmonton, Dunvegan and B. C. railway companies were all that could be desired and no mishap of any kind occurred to mar the success of the trip.  
The department of agriculture desires to express its appreciation of the generous services rendered by both railway companies, every requirement of the staff being scrupulously attended to and everything conducive to their comfort being furnished.

## Usual Delivery Schedule FRIDAY, AUGUST 3rd

As the extreme summer heat is apparently over, our delivery men will make their rounds at about the same time as before the hot weather delivery schedule was introduced.

The old delivery schedule will be resumed on FRIDAY, AUGUST 3rd.

The E.C.D. Milk Man is glad to serve you with E.C.D. Inspected and Pasteurized Milk; E.C.D. Special Milk for Babies; E.C.D. "Superior"; E.C.D. Cream; E.C.D. Whipping Cream; E.C.D. Lactonic; E.C.D. Fresh Buttermilk; E.C.D. Choice Creamery Butter.

Please order Whipping Cream, Lactonic and Butter one day ahead. Please advise of Change of Address one day ahead.

EDMONTON

## UNDERWRITERS TO MEET IN WINNIPEG

The annual convention of the Dominion Life Underwriters' association will be held in Winnipeg this year during August and it is probable that there will be a large representation from the Edmonton association in attendance. President, Barnes, of the local body, has called a meeting of the member of his association which will take the form of a convention dinner, when the local delegation to the Winnipeg meeting will be arranged. Peculiar local interest is attached to the convention this year by reason of the fact that a former Edmonton insurance man, T. H. Morgan, is the Dominion president.

## AT BANFF

The Homestead Hotel management sends out the following suggestions to auto owners in Alberta and Saskatchewan, both towns and country districts, expecting to visit the Canadian National Park at Banff this summer. You will find the highway leading from Edmonton to Calgary is now officially mapped, and also, the one from Calgary to Banff. The run from Edmonton to Calgary is about 200 miles and is a beautiful, leisurely ride for a day's outing with good accommodation at most all towns along the road. A half day's ride through the beautiful city of Calgary is well worth while, and a run in the afternoon of 4 or 5 hours along a magnificent foot-hill and mountain trail will bring you to the important city of Banff, located about the centre of the Canadian National Rocky Mountain Park, where you will be received by the Management of the Homestead Hotel at very reasonable rates and have free garage for your cars while you are our guests. If you have never made a trip from Calgary to Banff, in an auto, you have something indescribably beautiful coming to you. For rates and information please write or Phone 7474.

## District Rich in Promise to Those Seeking Opportunity to Build Up Home, Make Good

So James E. Reilly, Secretary to Public Utilities Commission, Describes Northland—Amazed At Its Resources As An Agricultural Country—Yukon Pioneers Now Extracting Gold From Farm.

That a bumper crop is assured in the great Peace River country was the pleasing news brought to the city Monday by James E. Reilly, secretary to the public utilities commission of Alberta. Mr. Reilly, who has been a resident of the Peace River district for the first time and returned from his trip a confirmed believer in the magnificent future awaiting Edmonton's immensely rich hinterland. The whole area was benefited by a plentiful rain which fell last week and farmers everywhere were rejoicing in the prospect of a harvest of gratifying quantities. One estimate made was that the district from Grande Prairie to Peace River would produce seven million bushels of grain.

**Splendid Grain.** In the Spirit River section, Mr. Reilly saw splendid samples of wheat, oats and barley, the latter grain being nearly ready for the binder. At Grande Prairie the manager of the bank was very hopeful and looked for a yield measuring well up to expectations. One field of 1400 acres was claimed to be away above the average and the challenge was made that it was wheat grown in the prairie provinces in their best years.

Mr. Reilly says that the prospects for an inducement of settlers are excep-

tionally good. He met one man who had been farming for ten years in the Peace River south of Calgary, who is seeking a permanent location in this land of promise. Another prospector was from North Dakota where he had been farming for twenty years. He is prepared to move his family to the farthest north so impressed is he with the rapidly of railway development in this country.

**In Gold Rush.** Mr. Reilly met several old-time Southern Albertans who had joined in the gold rush to the Yukon in 1898 and are now most satisfactorily extracting gold through the medium of the farm. He met several old friends at Peace River, among them Joe Price, formerly of The Bulletin, who is now publishing the Peace River Standard, a bright weekly, of which the people are proud. Mr. Reilly also met Pte. Fleming, a returned veteran who was "batman" to the late Capt. Stanley Jones of Calgary, one of the heroes of the original Princess Patricia regiment. Pte. Fleming is getting along well and is quite popular at the Crossing.

Mr. Reilly says he had no idea of the richness of the northland and in future will have no hesitation in recommending it as a district rich in promise to those seeking an opportunity to build up a home and making good in farming.

## Peace River Briefs

About thirty young people from the Crossing district went to the home of Mr. and Mrs. George Mellett, West Peace River, on Thursday evening, to a pleasant informal dance. The evening was very fine which made the trip all the more enjoyable. Those present were Mr. and Mrs. Lorne Russell, Mrs. Homer Johnson, Mr. and Mrs. J. F. Price, Mrs. Buchanan, Mr. and Mrs. R. McInnis, Miss Osborne, Miss Taylor, Miss Hartyatt, Miss Pelling, Miss W. Johnson and Mrs. N. Sutherland, Mr. L. B. Shuler, E. Dewey, D. Stewart, Max Zazel, L. McRae, B. Power, Thompson, R. Hamilton and M. Sinclair and J. D. Headly.

Mr. R. W. Whillans, who has been in Edmonton for the past ten days, returned home on Saturday. A new ghost-furnishing store, the Liberty, is opening up here next week. J. Hyman is manager of the new enterprise, which is a branch of the Liberty store on First street, Edmonton.

On Monday next a large picnic will be held at Swan Creek, under the auspices of the Griffin Creek. White Swan and Swan Lake U. P. R. A number of people from the Crossing are planning to go out.

The D. A. Thomas changed her schedule this week and will go down river next Wednesday instead of Saturday. She plans to meet at the chutes the Hudson Bay boat that is bringing the Eskimos who are alleged to have murdered two priests some time ago. This is the yearly boat that comes from the north.

P. Richard and family have moved to their new home at River. It is reported that George Jones, who enlisted at Peace River some eighteen months ago, is wounded, one arm being shot away at River.

The water in the Peace River is very low, the ferry having to install the engine again. The D. A. Thomas has her last trip up stream. Pat's Creek has almost dried up while the Heart river has shrunk to about one-half its size.

Ferry-picking time is now at hand. The strawberries have been bigger than ever and the raspberries are rapidly ripening in the hot sun. Saskatoon are also at their height. The "Old Crow" society is busy at its work of sewing and knitting. Next week it will meet at the home of Mrs. Gerald Gamlin.

Mrs. Annie Harriott, of Griffin Creek, will spend the next fortnight with her parents, the guests of Mr. and Mrs. Jas. Harriott.

**PORT ARTHUR.** S. E. Hagen, homestead inspector, was in the district. Mr. Fleming, of Edmonton, passed through here to join his husband on his homestead at Toiyah.

George Buttm arrived here July 23rd. He is a son of the late W. J. C. Thomson for the harvest. Wobeyda has returned from British Columbia. His homestead is at Toiyah.

C. Cartwright will have the ferry in charge for the next few weeks. The number of residents of the dry belt took the address he will judge that some new settlers will soon come to this part of Alberta, provided they can find some person to buy them out in that country, where nearly every one had the land for sale.

The occasion of the trip was a visit to a sick relative who died while they were there. Upon the return, the crops at the farm home were found to have suffered from the loss of half he had suffered in his forty years experience as a farmer. The hauled stack was comparatively narrow when the whole crop area of the district is considered. This is the time of and since the hail storm will cause the grain to continue to grow and possibly make greenfeed.

The Candy steam plow outfit is busy here. The plow was recently brought covered land on the Hutchinson farm on the Namoo road. Quite a lot of road work has been done in the district this season.

**SEXSMITH.** The visit of the demonstration train to Sexsmith was much appreciated by the residents of this district. Much benefit was received from the demonstrations and instruction given by the experts in the study of live stock, seed, seeds, and garden products, sewing, cooking, nature study of exhibits of native birds and wild animals, and the study of the history of the province, and the anti-dotes to use and in observing exhibits of the work done by first and second year students of the provincial school of agriculture.

All the staff of instructors, lecturers and demonstrators were experts in their respective departments and gave helpful talks to the interested audience. The train was visited by the largest gathering that ever congregated at Sexsmith and all enjoyed it immensely.

Shortly before leaving, Miss MacIsaac and Mrs. J. Muldren organized a branch of the women's institute. The officers elected were: Mrs. L. Howard, president; Mrs. D. Sexsmith, vice-president; and Mrs. H. M. Barr, secretary and treasurer.

A beautiful rain hit this district and crops are looking fine and prospects are good for a bountiful harvest. L. Kennedy had the misfortune of losing one of his horses and cutting another up badly through a runaway with a disc.

Mrs. A. Hunkov passed through here from Edmonton to Prairie City, after consulting Dr. Allen about her recent illness.

Word was received from Mrs. Alice Thompson, of Calgary, who will be remembered by the Grande Prairie people as instrumental in the formation of the club. She was accompanied by Mr. Geo. P. Smith, M. P. of Camrose, also Mr. W. Hartyatt, of Sexsmith, and says the trip from Spirit River to Peace River was very exciting, as they had to rush to catch the train. The front of the car was broken up and they were looking again for Mrs. Thompson's return.

Having been very much in evidence at present and there is a heavy crop of hay everywhere. Sexsmith, July 23th.

## HOUSE IS BURNED.

Peace River, July 23—Starting from an overheated chimney, the home of Mr. and Mrs. Wm. Stewart was burned so at noon on Friday. The fire had gained considerable headway before the alarm was sounded. Prompt and efficient work prevented the flames from spreading.

The house was owned by Captain Donald, M.D., who is serving at the front. His wife and daughter were in the attic and was fatally destroyed. The loss was covered by insurance.

## NORTH BANK

A joint picnic was held under the auspices of the St. John Ambulance and the Sunday school on the grounds of the Methodist mission on July 18. Mrs. J. Draper presided over the refreshment booth assisted by Mrs. McCarty, Mrs. Bertram, Mrs. Austin, Mrs. Duncan, Miss McCartney, Miss P. Anderson. Among the visitors from a distance noticed in the record crowd were Mrs. Dr. Henry, John Henry, Mr. and Mrs. John Mc-

## NEW BUILDINGS BEING ERECTED AT GR. PRAIRIE

Incorporation as a Town is to Be Sought in Near Future.

Grande Prairie, July 23—The Agricultural train of the Provincial government drew immense crowds to town on the 26th. The demonstration proved exceptionally interesting and instructive. The daughters of the Empire conducted a refreshment booth in the vicinity of the station, the amount realized going for patriotic purposes.

Several new residence buildings are being erected, operations having been commenced during the past week, varying in value from \$500 to \$2000. The brick high school building under construction is beginning to show up nicely. It is hardly probable that the building will be completed until the latter part of September, although a large number of men are engaged and rapid progress is being made. It is announced that one of the large oil companies is about to build a warehouse here, while contracts have been let for a large immigration hall, grain elevator and also a new station. It is understood that plans for the new building for the Union bank have been approved.

Twenty-six buildings have been completed so far this year in the town and the new school building will include any of the buildings which were commenced and not completed last year, nor any buildings not commenced at this time. Buildings under construction, and others for which contracts have been let, will cost over \$50,000 more.

It has been decided by the authorities to seek to have the village incorporated as a town. The population is estimated at anywhere from 800 to 1,000, which will be largely supplied by the school, the high school, it being the intention of a number of farmers to move their families to town in order that their children may receive the benefits of a high school education. A number of lots have been purchased for this purpose during the past month.

Heavy rain has come at last and not any too soon, as the situation was getting really serious. However, warm heavy rainfalls have been general during the past few days and the farmers are now more cheerful and smiling than they have been for some time. The wheat and barley were in a very unsatisfactory condition.

Arrangements are under way for the annual fair to be held on Sept. 17th and 18th.

**OPENING NEW STORE.** Peace River, July 23—T. R. Wilson, whose clothing and grocery store was on the west side of the river, has been well known for a number of years, is now in operation at his new stand on Main street. The new store was opened on Thursday last and was a great success. Quite a number of people were present and spent a most enjoyable evening.

William Bridges is now engaged as a clerk in connection with the making of roads and drains under the government at Killam.

Alex. McIntosh left Eunice for Edmonton on Friday. Mr. A. Morrison is at Tngkask, Sask. Henry Glete is at Irricana.

## NEWS OF THE DISTRICT

### ADROSSAN

Mrs. McCrae and daughter, of Ladoc, were here a few days with her sister, Mrs. Beggs. Mr. Langille recently returned from a trip to Nova Scotia, and was accorded an enthusiastic welcome by the residents of the district.

D. P. Cameron has rented a store recently vacated by Mr. Douglass and has started a business in farm implements and repairs, representing the McCombs Co.

Among the recent purchasers of cars are Messrs. C. Parker and A. Horton, both investing in Ford. Mr. Harrison purchased a Dodge.

Adrossan mail is carried on the Winnipeg express. Each stop here is only on signal. The mail is brought from the moving train. One day last week someone miscalculated, and the bag fell short, and with its contents was badly damaged. The wheels, and distributed along the track for some distance. Some parcels from mail order houses also came in for serious damage.

A memorial service was held last Sunday at Hillside in honor of the late Pte. Sam Ball, recently killed in action. Much sympathy was expressed for the bereaved family, who a few months ago received word that their eldest son had been killed in France.

The St. John's Ambulance Society are holding a bazaar show in the Orange hall on the evening of Tuesday, the 31st, when prizes will be given for the best showing in the various classes. A small admission fee will be charged, and refreshments will be served. This is becoming an annual affair, and much interest is evinced.

A thrill of interest was aroused this week when it was known that J. P. representative was here viewing prospects for a stockyard. This may be the culmination of repeated representations from the locality for the need of such a facility, and a warning to the fact of a growing loss to the company's exchequer by not having such here. It is the earnest wish of the community that it will materialize.

Adrossan, July 27th.

### KEEPHILLS

Several visitors from here attended the Edmonton exhibition. Mrs. Greenborough and her son spent a few days at the fair. Miss Hearn was staying for a week with friends in Edmonton.

The picnic held at Keephills school amounted to twenty-seven dollars and six cents, which was sent to the Red Cross fund. Keephills, July 27th.

Bulletin Correspondence. A joint picnic was held under the auspices of the St. John Ambulance and the Sunday school on the grounds of the Methodist mission on July 18. Mrs. J. Draper presided over the refreshment booth assisted by Mrs. McCarty, Mrs. Bertram, Mrs. Austin, Mrs. Duncan, Miss McCartney, Miss P. Anderson. Among the visitors from a distance noticed in the record crowd were Mrs. Dr. Henry, John Henry, Mr. and Mrs. John Mc-

## Sends Wool South

**WOOL PRODUCING CENTRE.** Peace River, July 23—The Peace River district has entered the world market as a wool producing center. This week E. L. Dodge, of Bluekey, who has gone into the sheep breeding and raising business upon a considerable scale, shipped 700 pounds of wool billed to W. R. Stark, Edmonton, who will dispose of it at the Edmonton wool sale. Mr. Dodge refused sixty cents a pound for the wool before shipping it.

### BEZANSON.

A heavy rain during the night of July 27th and lasting till noon the 28th, assures this locality and the whole Grand Prairie district a bumper crop.

Haying is well advanced and harvest will be on in two weeks. A large number of farmers are taking advantage of the weather. Marshall's Cove hay is being hauled.

The agricultural demonstration special was enjoyed by a large number of Bezanson farmers.

The government ferry has been repaired and is again in operation. Mr. Gillespie, manager of the Gillespie Elevator Co. of Grande Prairie, motored to Bezanson twice during the week.

Rev. Arts has just returned from an extended trip through Ontario. He reports on here to be the best seen in his travels.

Bezanson, July 23th.

### GAINFORD

Wallace Goodwin was brought before R. Riley, J. P., charged with assaulting Joe Pollock on two different occasions. The first case was dismissed on a technicality. In the second case Goodwin was fined \$5 and costs or one month hard labor and bound to keep the peace for six months.

Gainford is becoming a very popular place for anglers who come here for the excellent fishing to be had in Island Lake. There was quite a bunch of people here from Entwistle and surrounding district last weekend.

Island Lake is a very pretty lake just a quarter mile from Gainford dock. It is teeming with pickerel, Jack fish and some black bass. It is no trick in connection with a line and hook to catch a dozen or more fish in an hour and this lake is not subject to sudden squalls, which makes it safe. It is only about one mile wide and it is ideal for the fisherman.

Gainford, July 23th.

### EUNICE

Bulletin Correspondence. Mrs. D. J. Brown and two children and Mrs. W. Badyen and little son arrived in Eunice on Friday.

Mr. Wiener of Westlock expects to ship a load of cattle from here next Friday.

A dance in honor of the birthday of Miss Rosie Wildman and Miss Dada Minks was held at Mr. Robert and Mrs. C. G. Alton's last night and was a great success. Quite a number of people were present and spent a most enjoyable evening.

William Bridges is now engaged as a clerk in connection with the making of roads and drains under the government at Killam.

Alex. McIntosh left Eunice for Edmonton on Friday. Mr. A. Morrison is at Tngkask, Sask. Henry Glete is at Irricana.

### FORESTBURG

Bulletin Correspondence. The continuing warm weather of the past week without any rain is causing some uneasiness among those farmers who sowed late grain without thoroughly cultivating it, as such crops are liable to be smothered.

Those who cultivated their land well and sowed early are sure of good crops. One more good rain will mean thousands of dollars to the farmers in the Battle river valley section.

Eight carloads of grain billed out on Thursday of this week was a good showing for this season of the year. Many carloads are still coming in from the farmers, and the elevators are not empty yet.

R. B. Wilkinson, H. Carrington & Son, and H. Sather, implement dealers here, have just completed unloading several carloads of mowers, rakes, reapers, and other machinery here to meet the demand from the farmers in order to enable them to harvest this season's crops. Many farmers were disappointed the past spring by putting off their orders for seed drills, plows, and other implements until it was too late, so they will be on time for the harvesting machinery.

Another carload of good beef cattle shipped out this week adds many hundreds of dollars to the bank account of some of the wide-awake farmers. The farmer who is making a specialty of mixed farming is sure to have a wealthy one regardless of weather or other conditions.

Many of the townsmen and farmers abandoned all business and attended the sports in our neighboring town of Heister on Tuesday, the 24th, and at Halkirk, south of this place, on the 26th.

Haying is on in full blast now and many thousands of tons of good lowland hay is being put up, where the past few seasons it could not be gathered on account of water.

Several of the farmers who have portions of their land seeded to tame grass are cutting hay of a fine quality, which will bring in a neat income this coming winter for fancy feeding.

Forestburg, July 26th.

**ELK POINT**

Bulletin Correspondence. Elk Point is steadily growing. Three new business places will be started this week. O. A. Caskey is erecting a garage on North Main street and a hotel on South Main street.

Chas. Good has started work on a new building to house a hardware store, also for Post Office and telephone exchange. This move will give this place a night and day phone service.

Died at her home, east of Elk Point, on Sunday July 22nd, Mrs. C. J. Markstad wife of J. C. Markstad, implement dealer of Elk Point. Mrs. Markstad had been suffering with a cancer for a year. She underwent two operations but the disease had too great a start and it was impossible to effect a cure. She was 48 years of age and leaves a husband and five children to mourn her loss. The service was held at the house on Monday afternoon and conducted by the Methodist minister from Vermilion. She was buried in the Elk Point cemetery.

Mrs. Holly and daughter arrived home on Saturday after a year's visit with relatives in Minnesota. Mr. and Mrs. H. E. Day left on Friday for a visit in Winnipeg.

J. H. Babcock, O. J. Fish and Oscar Holthe motored to Vermilion on Friday.

Mrs. E. C. Bartholomew leaves for a visit with relatives in Minnesota. Mr. and Mrs. J. E. Ward left for the new home in Vermilion this week.

Elk Point, July 23rd.

## Copious Rains Bring Cheer To Hearts of Farmers of The Peace River Country

Some Were Beginning to Feel Little Worried—Prospects for Crop Are Very Bright Except in One or Two Districts Manager of the Canadian Bank of Commerce.

Peace River, July 23—Copious showers of rain for two nights in succession, did more to bolster up the waning optimism of farmers and the business men of the Peace River district than almost anything they could have happened. The crop is now absolutely safe, with only the distant danger of a frost, and growth is full two weeks ahead of last year.

Although there was no need for alarm, even had there been no rain, some of the farmers were beginning to feel that the gains which had been counted upon a bumper crop and without rain there would have been only a little better than an average one.

Those farmers who had prepared their land carefully, were not worried even without the rain; but now everyone can rejoice. Not only the grain is safe but the gains which had been counted upon a bumper crop and without rain there would have been only a little better than an average one.

Those farmers who had prepared their land carefully, were not worried even without the rain; but now everyone can rejoice. Not only the grain is safe but the gains which had been counted upon a bumper crop and without rain there would have been only a little better than an average one.

"Taken all in all the prospects for a good heavy crop except in one district, are very bright. The lack of rain, however, is a little worry."

"The present weather is continued. It is filling out the grain and the only worry now have to think about is frost at present, in two weeks of last year. I understand that was a slight touch of frost in the night, but there was no harm done. It did not even harm the produce."

"The farmers are feeling optimistic. The rains have been regular. They have been a but still restricted—an area miles would get a shower and joining strip would be missed. Would get a shower another day night, but there was no harm done. It did not even harm the produce."

### Divide Double Header.

CHICAGO, July 31.—Boston and Chicago divided a double header here today, Chicago winning the first game 9 to 6 and losing the second 1 to 8.

The second game furnished a triple play in the second inning. Williams was on second and Zelder on first. Wortman lined to Frispatrick, who threw to Konecny, doubling Zelder. Before Williams could return to second base, Konecny threw to Rawlings for the third out.

Chicago.....100 000 000—1 7 7  
Tyler and Truesdale; Castor, Frispatrick and Aldridge and Dilhoefer.

PITTSBURGH, July 31.—New York pounded Pittsburg pitchers at will and won both games today, 11 to 7 and 9 to 3. Cooper and Salles started the first game, but were forced to retire.

In the second game Grimes was hit opportunistly, but Schupp was able to keep Pittsburg from hitting after the third inning, until the ninth.

SHUT OUT ONE, WIN OTHER.  
ST. LOUIS, July 31.—Philadelphia shut out St. Louis in the first game of today's double header, 6 to 0. St. Louis won the second game, 4 to 2.

Alexander was master in the first game, allowing only four hits. Meadows issued eight passes.

R. H. E.  
Philadelphia.....100 001 220—6 10 0  
St. Louis.....000 000 000—0 4 1  
Alexander and Kilmer; Meadows, May and Snyder.

(Second game).  
Philadelphia.....000 200 000—2 7 2  
St. Louis.....000 000 000—0 4 1  
Bender, Lavender and Adams; Kilmer, Horstman and Gonzales.

UNINTERESTING GAMES.  
CINCINNATI, July 31.—Brooklyn took the second game of the series today, 4 to 2, in a contest almost devoid of fast baseball.

R. H. E.  
Brooklyn.....020 100 100—10 10 0  
Cincinnati.....000 100 100—2 5 1  
Cadore, Smith and Meyers; Toney, Mitchell and Wingo.

KALAMAZOO, Mich., July 31.—Two strong favorites and an outsider captured the three races on the opening day of the Grand Circuit program here today. The winners were Tramp A Bit in the 2:11 pace, Royal Mackin in the 2:17 trot, and The Savoy in the 2:05 pace.

Summary:  
2:11 Pace, Purse \$1,000 (5 Heats).

## G. W. GARMENTS KEEP RIGHT ON WINNING

Put N. W. Biscuits Into Cellar Position In Local League.

	W.	L.	Pct.
Escales	3	2	.600
Caplans	4	3	.578
G. W. Garment	3	3	.500
N. W. Biscuit	2	4	.333

The Great West Garment continued their winning streak by defeating the North West Biscuit to the tune of 3-2, Tuesday night.

By bunching hits in the fifth inning the Garment Makers were able to wrest third place in the league standing from the N. W. B. boys.

Although the diamond was a bit sloppy, the game was exceedingly fast throughout, and the spectators who were present got their money's worth, namely, their share in a silver collection.

The game was very even up to the end of the fourth, but Grant, Kirkness, Donnelly and Powers hit the pill in the first of the fifth for safeties, which brought in five runs for the G. W. G.

Both Dodge and Nearing pitched excellent ball, and the absence of errors made the game exceedingly tight. Dodge was the batting star of the game, garnering three safe hits in four time at bat.

A good game is expected at Diamond Park tonight at seven o'clock sharp, when the Escales play the Caplans. Fans should avail themselves of the opportunity of seeing this game.

President Smart, of the Intermediate league, is calling a special meeting of all members of the different clubs to settle a few disputes which have arisen through the exchange of players. The meeting is to be held in the Berden club at 7 o'clock on Thursday evening.

DEMARKE TRADED  
CHICAGO, July 31.—Pitcher Al Demaree, of the Chicago Nationals, was traded today to the New York Nationals for Peter Milder, a recruit infielder, purchased from Omaha last fall.

NEW MARKET CRUSADER'S DERBY  
Newmarket, England, July 31.—The new derby stakes were run here today and won by Gay's Crusader. Sandell was second and Dark Legend was third. Twelve horses ran.

## FIVE EVENTS ON RACE CARD AT SASKATOON

J. Stewart, Calgary, Wins \$500 Purse With Guy Boy.

SASKATOON, July 31.—Rain slowed down the track considerably for the exhibition races today and the horses performed at a disadvantage. The results of the different events were:

First Race, 2:25 trot; purse \$250, Mile Heats.  
Guy Boy, b.s., J. Stewart, Calgary, 2 1 1  
Lou Todd, b.m., C. Rupert, Macklin, 1 2 5  
Expay, b.g., J. Stewart, Calgary, 3 3 3  
Greco McKinley, b.s., J. C. Johnston, Saskatoon, 5 5 4  
Pilot Bryson, b.g., J. Riggs, Wilkie, 6 6 2  
Time: 2:22; 2:23; 2:24.

Second Race, Named Race, \$250, Mile Heats.  
Iron Bars, H. Neale, Saskatoon, 1 1 1  
Bert Wilkes, R. Bruce, Saskatoon, 2 2 2  
Birdie Bryson, H. Neale, Saskatoon, 3 3 3  
Brown Hal, G. W. Weasen, Kelowna, 4 4 4  
Time: 2:15 3-4; 2:16; 2:17 3-4.

Third Race, 7 furlongs, Purse \$200, 5 Pounds Below Scale.  
1. Ada, b.m., C. C. Emmett, Spokane; 2. Marcus, b.g., J. D. Ferguson, Saskatoon; 3. Lou Hill, b.k.g., R. Redford, Calgary. Winners time: 1:46.

Fourth Race, 5 furlongs; Purse \$150; for beaten non-winners, 1917; 5 lbs. below scale.—1. Sam Rank, b.g., G. Boyd, Calgary; 2. Vito, b.g., J. O'Brien, Grand; 3. Sunflower Belle, ch.m., H. G. Newton, Minburn, Alta.; 4. Burnaby, ch.g., J. Walsh, Saskatoon. Also ran: Tuscan, Joleka, Armour. Winner's time, 1:08.

Fifth Race, 5 furlongs, Purse \$150; 5 lbs. below scale.—1. Mabel R. E. Smith, Walla Walla; 2. Mabel R. E. Smith, Walla Walla; 3. Mabel R. E. Smith, Walla Walla; 4. Mabel R. E. Smith, Walla Walla. Winner's time, 1:04.

U.S. DESTROYERS ALERT  
AMERICAN NAVAL BASE IN BRITISH WATERS, July 31.—American torpedo boat destroyers were reported today to have engaged two hostile submarines causing them to submerge without shooting. One of the U-boats had just sunk a steamer and the other was attacking a merchantman.

1897—Eddie Santry defeated Billy Lambert in twenty rounds at Davenport, Iowa.  
1903—Eddie Santry and Tommy White fought a twenty-five round draw at Coney Island.  
1902—Eddie Santry and Ole Olson fought a ten round draw at Indianapolis.  
1911—Joe Jeanette outpointed Tony Ross in ten rounds at New York.

"CAN'T HELP IT, DOWN SHE GOES," SAID BOY PIRATE  
Six and Probably Ten Vessels Sent to Bottom by Irresponsible Boy.

The Hague, July 30, via London, July 31.—The fishing village of Scheveningen was thronged all day today by crowds awaiting the arrival of the rescued crews of six, and some say ten Scheveningen fishing luggers wanted by one German submarine within the zone, 20 miles from the coast, which the German government itself had designated safe.

Some of the rescued men told a correspondent that the commander was a lad of 19, entirely irresponsible, and utterly indifferent to the question whether he had a right to sink the vessels. To the indignation of the rescued men, the boy pirate replied: "Oh, well, if we don't sink you, the British will take your ship away." To another protest that the luggers were well within the safety zone he replied: "Can't help it; down she goes." One Scheveningen veteran remarked: "What the boy pirate needs is a taste of the cat."

HEAVY STORM IN MONTREAL  
MONTREAL, July 31.—A terrific electrical storm last night after the hottest day here in five years started a number of fires, destroyed trees and paralyzed telegraph and telephone service.

## Sporting Facts and Fancies

Ladies and Gentlemen! We will now show you the beardless wonder, Johnny Evers, who put life into what was apparently a dead team, the team being the Phillies. Just watch him wriggle.

And as long as we are in the circus don't let's forget to look at Ferdinand Schupp, the Sure-Shot Dick of the Diamond. His marvelous mastery on the mound and superlative, sensational sagacity in sending the sphere have placed him on the pinnacle of pitcherdom.

A financial headache of no mean proportions is just now troubling President Weegman of the Cubs. It has been brought to his mind most forcibly that owning a major league ball team is not all beer and skittles. In fact, it has cost him about half a million dollars to find out this trifling truth.

On the other hand, there is that well known and justly celebrated financial operator Mr. Comiskey, who is making almost as much money as the man who has the peanut and popcorn privileges in the grand stand. His White Sox are earning big dividends for him and he has taken in enough of the long green to pay him back for his outlay when he invested in Eddie Collins, Joe Jackson, and other preferred stars.

Some day some Goethe of the Diamond is going to immortalize himself by writing an epic entitled "The Sorrows of Byron." No, not the poet, gentle reader, but the National League umpire, who is having his troubles—take it from everybody. As feud seems to have broken out in the East between Lord Bill Byron and a number of players. The first blood was shed when McGraw, manager of the Giants, exchanged some passes with the Earl of the Diamond. Since then everybody has been picking on him, and if it were not for the fact that he is a mighty game man he would have thrown up the sponge long ago. The fans, incidentally, are getting pretty tired of the display of bum sportsmanship—and heaven knows they have no love for an umpire. Some of the hardest work President Tener of the National League has done in the past few weeks is slapping fines on players who have indulged in umpire-baiting.

Bendigo's Last Fight.  
Bold Bendigo, the great English champion of the ring, fought his last fight when he was forty years old, his opponent being Tom Paddock, of Reddick, a man of twenty-seven. The fight was staged at Mildenhall and was carried on with extraordinary ferocity. The men became so enraged during the bout that there was great difficulty experienced in keeping them to the rules. "Foul" was being called during every round. In the forty-ninth round when the fight had lasted over an hour, Paddock rushed Bendigo and forced him to the ropes. Bendigo fell to the ground in a sitting position and Paddock struck him two deliberate blows on the head while in that attitude. The foul was so palpable that the referee awarded the fight to Bendigo without hesitation. Then Paddock, mad with rage and quite losing his head with passion, did a most unheard of thing. When Bendigo arose and stood with his hands beside him, thinking the fight was all over, Paddock rushed him and struck him two fearful blows in the face, knocking him down at the referee's feet. Then one of the most disgraceful scenes ever witnessed in a prize ring took place. Paddock's friends, among whom were some of the toughest characters from Birmingham, swarmed into the ring and one of them bludgeoned the referee. The fight had lasted over an hour, Paddock rushed Bendigo and forced him to the ropes. Bendigo fell to the ground in a sitting position and Paddock struck him two deliberate blows on the head while in that attitude. The foul was so palpable that the referee awarded the fight to Bendigo without hesitation. Then Paddock, mad with rage and quite losing his head with passion, did a most unheard of thing. The foul was so palpable that the referee awarded the fight to Bendigo without hesitation. Then Paddock, mad with rage and quite losing his head with passion, did a most unheard of thing. When Bendigo arose and stood with his hands beside him, thinking the fight was all over, Paddock rushed him and struck him two fearful blows in the face, knocking him down at the referee's feet. Then one of the most disgraceful scenes ever witnessed in a prize ring took place. Paddock's friends, among whom were some of the toughest
